SUBJECT: GUIDANCE FOR 6/19 UNSC BRIEFING ON UNRCCA

**11.** The Department Requests that USUN draw on the following points for use during the May 28 UN Security Council discussion of the UN Center for Preventive Diplomacy in Central Asia.

**12.** Begin points:

Mr. President,

-- We are pleased to welcome back Special Representative Jenca back to the Council and we thank him for his report.

-- We are encouraged that the Special Representative has gained the trust of the leaders of Central Asia and believe there is great promise for the Center to make significant contributions to the stability of Central Asia in the areas that he has addressed today. The Center's activities are also potentially a vital complement to the international community's efforts to establish peace and security in Afghanistan.

-- We offer the Special Representative our full support as he continues to implement his mandate. We encourage him in particular to move forward in his efforts to consult on regional water disputes and to encourage leaders in the region to intensify their counter-narcotics cooperation areas where we see the coordinating and facilitating role of the Center as being especially beneficial.

End Points.
